

English

The children will read a range of Greek Myths with a focus on the 12 labours of Hercules. They will perform a news report retelling these adventures. Alongside this, they will write a short playscript.

We will also be exploring the 'Ocean maker' animation and use this as a prompt to write their own narrative.

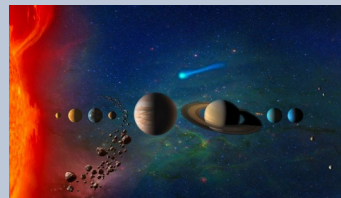

Key language features will include using subordinate clauses at the start of a sentence as well as inverted commas for dialogue.

There will also be a focus on the use of accurate sentence punctuation.

Science:

Earth & Space: The children will be learning how the planets in our Solar System are organised. They will explore the movement of the Earth and Moon in relation to the Sun as well as the Moon relative to the Earth. They will also identify scientific evidence used to support such theories.

PE

Monday: Joy of Moving is a FREE project for Year 5 run by Bristol Rovers focusing on teaching the children about living a healthy lifestyle. Classroom sessions will focus on physical activity, diet, nutrition and hydration, with the children also having an active P.E lesson.

Wednesday: netball with Shine

History

Ancient Greece: The children will learn where and when Ancient Greece was. They will explore how ideas from Ancient Greece have influenced society today—including the philosophers, buildings, language, theatre and democracy. They will compare and contrast the lives of those in Athens and Sparta.

Maths

The children will be exploring decimal fractions. They will develop their understanding of tenths and hundredths as part of a whole and use these when calculating with addition and subtraction. They will also apply this knowledge to a range of contexts including measure and money.

The children will be building their understanding of negative numbers through counting, comparing and calculating.

The children will learn to multiply a 2 digit, then a 3 digit number by a 1 digit number. They will then learn to use short division to divide a 2 digit then 3 digit number by a 1 digit number.

The children will continue with weekly arithmetic

Spanish

The children will be learning how to introduce themselves in Spanish and they will also be understanding and learning about Spain's culture and traditions.

RE:

Hindu Beliefs

How can Brahman be everywhere and in everything?

PSHE

In Year 5, the children are exploring the Zones of Regulation, a practical and engaging curriculum designed to help children understand and manage their emotions. Through colourful visuals, reflective activities, and class discussions, students learn to

Music

Steel pans—the children will be taking part in weekly steel pan workshops led by a specialist.
